

**Global Youth Leadership Institute
Middle School Participant Medical Report
[To be completed by a Medical Practitioner]**

Global Youth Leadership Institute (GYLI) promotes an active learning environment. Some of the activities in our middle school program, such as participation in outdoor activities, and riding as a passenger on a boat, require our participants to be in good health. Participants will always be in close proximity to First Aid medical care, and advanced medical assistance will be readily available. However, it is essential that you inform us of any condition that poses the risk of sudden incapacitation, or any condition requiring medication which may affect the participant’s physical or mental abilities while at the program. In most cases, we can accommodate medical conditions and physical limitations. GYLI, however, must reserve the right at any time to decline participation to anyone with medical or physical problems that could create a potentially dangerous situation for his/herself or others.

***Please complete EVERY section. Write N/A, if not applicable
An incomplete medical report WILL delay participation.***

Participant’s Name _____				Gender: M F	
First	Middle initial	Last			
Date of Birth _____			Height (ft, in) _____	Weight (lbs) _____	
Month	Day	Year			
Blood Pressure _____ / _____		Pulse (resting) _____			

Is the participant able to participate in activities including the following: (Circle reply)

- | | | |
|--|-----|----|
